

ChemMetBio 2020: Chemistry of METAL IONS & NANOPARTICLES IN BIOLOGY

Interactions of metal ions and nanoparticles with proteins
Latest developments in innovative research

Exciting plenary lectures:

- Prof. Lee Cronin, Glasgow
- Dr. Lionel Maurizi, Dijon
- Prof. Eva Freisinger, Zürich
- Dr. Maggy Hologne, Lyon
- Prof. Carlos Salgueiro, Lisbon
- Prof. Simon Silver, Chicago
- Prof. Carole Bourquin, Geneva

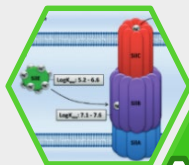

Research news from the Chemistry Department

17th January 2020
8h30 – 18h00

Department of Chemistry
University of Fribourg – Péroilles
